NATURAL STONE EXCELLENCE

IKARUS
MARBLE

STONETECH

Founded in 1975 in Heraklion Greece, Stonetech is a vertically integrated company specializing in natural stones & surfaces trading and processing.

With 2 production units, we serve full spectrum services from blocks & slabs to cut to size processing.

Our company has the exclusive ownership of 5 Greek Marble Quarries, securing top-quality products and an abundance of materials. At the same time, we have priority access to all local quarries and partnerships with quarries abroad.

With extensive experience in large-scale projects globally, we offer a wide range of solutions to architects, landscape developers, construction companies, contractors, and other professionals.

We support a 360° end-to-end service, from quarrying to installation.

Our portfolio includes Luxury Hotels, Offices & Commercial Buildings, Wellness Centers & Spas, residences, decorative items and many more bespoke creations.

Stonetech is the exclusive distributor of **Neolith** and **Quarella** in Greece, while we are constantly expanding our portfolio in cutting-edge surfaces.

- Packaging & Loading

360° PRODUCTION & PROCESS SERVICES

BLOCKS AND SLABS PROCESSING

SINGLE SAW

Blocks Cutting Machine

MULTI BLADE GANG SAW

Blocks to Slabs Cutting Machine

RESIN LINE

Slab's reinforcement with resin

SLAB POLISHING MACHINE

Slab's surface finishing

CUT TO SIZE PROCESSING

CUTTING IN CNC MACHINES

Slabs formation and cut to size processing

CNC 3 & 5 AXIS

Digital 3 & 5 axis high accuracy equipment for special cutting and 3d modeling

WATERJET

Special and high accuracy applications, angled and curved cutting

SURFACES PROCESSING MACHINES

Special cutting and finishing processing

ART WORKSHOP

Special department with specialized craftsmen for assembling - perfecting objects in hand

IKARUS

Ikarus is a calcitic marble quarried in Northern Greece. It has a white background color and brown-grey butterfly veins.

FINISHES

Polished

Honed

PHYSICAL & MECHANICAL PROPERTIES

Apparent Density 2830 kg/m³

Water Absorption 0.20 wt

Breaking Strength 114 MPa

Flexural Strength 11 MPa

Abrasion Resistance 3.45 mm

SUITABLE FOR
